## A Spooky Big Skeleton Mask!

### You will need:

- Paper
- Scissors
- A piece of elastic or string
- Colouring pencils

To assemble, carefully cut out the mask and each of the eyeholes. Then cut out the holes in the sides of the mask and thread the elastic or string through the back of the mask and knot at each side.

Now you are ready to wear your Spooky Skeleton mask!

## Make Spooky Little and Big Skeleton Decorations

**You will need:** A pair of scissors • A pencil and plasticine • Ten split pins • Two pieces of string

### What to do for each skeleton:

1. Ask a grown-up to help you cut along the dotted lines. Once everything is cut out, you should have six pieces.
2. Take the left arm and body pieces, and using the pencil make a hole in the top of the arm and top left shoulder of the body piece. Place the top of the arm behind the shoulder, and push a split pin through both holes and secure at the back.
3. Repeat step 2 using the right arm piece.
4. Punch a hole in the bottom of the body piece and the top of the pelvis, push a split pin through and secure at the back.
5. Take the left leg, make a hole in the top of the leg and at the bottom left of the pelvis, push a split pin through the holes and secure.
6. Repeat step 5 using the right leg piece.
7. Finally, punch a hole in the top of the body piece, and thread a piece of string through the hole and knot it to create a loop.

COLOUR IN THE SCENE!

So the big skeleton,  
the little skeleton  
and the dog skeleton  
left the dark dark cellar,  
climbed the dark dark staircase  
and stepped out into the dark dark street.
